1. The first group of people who are interested in the results of the study are the researchers themselves. They want to know if the study was successful in achieving its goals and if the data collected is reliable and valid. They also want to know if the study has contributed to the field of research and if it has any practical implications.

VOL. 7  
SHEET 2

LINE

A series of seven black and white photographs showing the progression of a plant's growth from a seedling to a mature specimen. The images are arranged in a horizontal sequence, with labels (A, B, C, D, E, F, G) positioned below each corresponding photograph. The plants show increasing complexity in their root and shoot systems over time.

[illegible]

The image shows a document page with a table-like structure. The page is divided into several columns and rows by faint lines. The text is extremely faded and illegible. There are some dark spots and artifacts, particularly along the left edge, which might be part of the original document or the scanning process. The overall appearance is that of a very poor quality scan of a document.
